Summary

I'm Abdul Fahim, working as a copywriter for 2 years to help businesses to make their marketing campaign successful & increase their ROAS. I still spend a lot of time in sharpening my skills. I believe learning is a never-ending process.

I worked as a freelance digital marketer in Upwork, Fiverr, PPH & Freelancer in 2020. Also worked with local Client & Virtual Assistant of other Freelancer's. After getting experienced in digital marketing, i started a marketing agency in 2022. I started some other Agencies that provide Web Development, Content Writing, Digital Marketing, Social Media Post Design services.

Also i worked as a partner with People to F-Commerce Business. Now I'm selling my digital products online & apply different strategies in my Business. I have some plans to start more Businesses further as an Entrepreneur & Provision of employment.

Reading books & listening podcast is one of my daily activity. My Favorite topic's is Philosophy, Psychology & Neuroscience. That help me a lot in Marketing, Sales, Copywriting & Design point of view for a Brand, Company or an Individual Person to attract Customer's for their Businesses.

I love to talk with people to achieve their business goal with my skill's. People feel Happy when i help them to achieve their Targeted Revenue. Do you want to know how i did everything in my 20 year's age? Ok Great, i invite you to join me on a Video Conversation & let's talk about our Businesses.
